This is why online book 20 Easy Classical Uke Pieces For Kids By Rob MacKillop becomes most desired.

20 EASY CLASSICAL UKE PIECES FOR KIDS BY ROB MACKILLOP PDF

The ukulele is a wonderful instrument for kids - cheap and cheerful, and ready-made for kids' small hands. Most ukulele books introduce chords from the first page, but chords can be difficult and frustrating for child beginners. This book and accompanying audio gets kids playing recognizable tunes right from the get go. The material includes both standard notation and tablature clefs. This book is written in ukulele tablature to make learning fun and easy. The arranger (with 25 years of teaching experience) has laid the foundations for good fingerstyle technique. This book is therefore both fun and educational.

Any of Rob Mackillop books are great if you can get the CD with it

By Amazon Customer

Rob Mackillop does a wonderful job in all his ukulele books...When the publishing companies began to forgo the included CD to go instead to "Audio available online" I bought every Rob Mackillop book I could find that still had the CD...Since the audio can be found on Rob's website and youtube for FREE, paying for the book without a CD seems greedy by the publishers...

Not just for kids

By Kevin L

I'm really enjoying this book. It has the essential parts of a lot of classical pieces I've always heard. It's got a couple more recent genres included as well. I'm not a talented ukulele player, but I'm really enjoying going through the book, and I find the pieces both challenging and enjoyable. A more talented player wouldn't find them challenging, but for me they are great.

Simple and fun!

By Mabel

Simple tunes but fun for the beginner. I'm not a kid though I like simple songs to tinker around with. This book is great.
