Love Love Love this beautiful story about Love

By Hope

I loved this book! Such a sweet love story. I won't say the storyline itself is extremely unique but there are actions & reactions that grabbed me in this story. There's a night of sex that neither one remembers very well although Ilona's memory of the night returns while Ian's does not. I won't share why ... read the book for that info! That part is definitely different ... at least to me. What makes this different to me is her reactions to waking up in the morning. She freaks out & the police are called. Read the book to find out what happens after that. She later finds out she's pregnant & absolutely does not want to tell him. Her meddling mother does. Huh?? He is soooooo adamant about being in his child's life. My heart was soo touched by that. That

whole scene with mediators & lawyers is so heartfelt. He fought her tooth & nail and let it be known in NO UNCERTAIN TERMS HE IS NOT GIVING UP HIS RIGHTS TO HIS CHILD.

I liked the fact that both families were wealthy. Ian's family was wealthier but Ilona's family was very well off too ... another difference to the typical girl gets pregnant with millionaire's baby. Don't want to do too many ++ spoilers ++ but there's a part of the book where he shows up at her parent's house with his suitcase packed, ready to move in. OMGoodness !!! I was in tearsso beautifully written. Also the end of the book when he describes LOVE to her OMGoodness ... I was in tears there too. BEAUTIFUL !! GREAT READ.

Cute, good, recommended read

By Freely

I was going to give it a five but the writer seemed to have gotten out of time an I could see one injury but to injure her and kill the baby she seemed to be running out of time, or maybe that is the way she truly wrote the story but it seemed really drastic, first Ian hurt in a coma for days and then ILona hurt and baby killed WOW way to much....But well written, detailed up to a point, because the ending was really short of there true happiness, I thought for sure this was a cliffhanger because it got so close to the end and they were just still so much needed to be said and done, and then just a few love you between the two, and done! Oh well good, would recommend, but not at 3.99 lots of drama in a very small field...But for a first book I will give it a four.
