**GREAT BOOK!!!**

By A Customer

I loved the sheet music in this book! It took all of Celine's 'greatest hit's' and put them in one book! I got this bok before I got the other sheet music books of hers and I was glad I did!!

Great for the casual/intermediate level player

By Amazon Customer

I came across this book at the thrift store the other day and had to bring it home. It's a great selection of Dion hits and I was glad to add it to my music library. The arrangements are basic - easy to sight read for the casual/intermediate player. They also have the chords for those who like to improvise and embellish. Take it for what it is and enjoy!

Boring compilation

By A Customer

Most arrangements are oversimplified and repetitive. Stellar songs are reduced to bland, uninviting arrangements. Its a pretty disheartening collection. Its well worth the trouble of trying to arrange them yourself.

This compilation is boring and dull. Not worth the money!
