Historical excellence...

By TERANCE

I highly recommend this book. I give it 5-stars. I've recommended it to a number of people. I also selected it for our book club and all were amazed at how little we knew about the behind the scene movers and shakers of Western civilization.

We have all heard of Alexander the Great, Nero, Constantine, Julian the Apostate, Attila the Hun, Henry VIII, Martin Luther, Hitler, Stalin and so forth, however, have you ever heard of the power brokers behind many of these folk? For example, have you ever heard of the following people: Abu Bakr, Thomas Cromwell, Sir William Cecil, Adam Weishaupt, Albert Pike, Antonia Gramsci, Bartolo Longo, Helena Blavatsky, Margaret Sanger, Alfred C. Kinsey and a plethora of other useful moral idiot? If these names don't ring a bell then this book is for you.

If you have ever wondered about the Rise of Islam, the English Reformation, the Illuminati, Freemasons, Marxism, Socialism, Communism, Planned Parenthood as wells as a variety of social engineers and assailants of all moral authority then this book is for you.

This is one book you will want to keep around as you might keep a history reference book or road map. You will find yourself reading it several times. You will learn things that you never learned in school. Additionally, after you have read this book your eyes will be open to how history repeats and how our current social, economic, political and Christian foundation is being attacked from within by powerful agents of greed, manipulation, distortion, corruption and sexual depravity.

Enemies of the Church and Christianity and the AntiChrist Himself Portrayed

By W. Christmann

After seeing the author interviewed on EWTN, I ordered the book. I found it to be an excellent overview of political movements, organizations, notorious individuals, and other enemies (antichrists) who have attempted to impede if not destroy the Catholic Church and Christianity. Fr. Esper crams historical information into this book of less than 300 pages. All sources are provided with a wealth of additional footnoted information. Too, he quotes saints, Church fathers, and others in their description of the AntiChrist himself and what will take place when he comes. The book, though frightening with respect to current events

impacting our country and our world, reassures and reminds the reader that evil will never be victorious and the Church will always prevail.

Excellent book

By L. Agado

History can be boring at times. However, Father Esper explains history, making it interesting and very educational. I think this book is great. It gives me confidence that God's will always prevail. It gives me hope. When I'm finished reading this book, I may re-read it and then buy another book by him.
