- 72 pages

Features

- Used Book in Good Condition

Most helpful customer reviews

0 of 0 people found the following review helpful.

but for smaller scales I found it to be a BIG waste of money

By Katie13

I bought this to make a 1/64 scale garage diorama. Even though the plans are somewhat included for this scale (you have to piece together a parts list from 1/87 scale), there is no way you could ever cut the small pieces in this plan at that scale. 1/24 and bigger and this book would probably work, but for smaller scales I found it to be a BIG waste of money.
