Disappointing

By Marco

At first, I bought this book thinking that more exercises in the way of examples would be shown, but when I received it, I realized that it only contained exercises without any answer.....no explanations at all, no answers either.....how could I possibly test my knowledge. It was kind of disappointing. This book is useless for me. If I had known about this, I wouldn't have bought it. In my opinion, it shouldn't be named as 'Study Guide'.....it is not. Then the cover says: 'Application and Interpretación'. Again, it is not either. I only wanted to complement the other book by the same Author to reinforce my knowledge but that won't happen through this 'Study Guide'.
