HOPE FOR THE NICE GUY BY TAD SPENCER PDF

Nice guys finish first...eventually...sometimes. Though the road to the right woman is often long and painful, some nice guys get there in the end. This hilarious, insightful, and touching underdog story chronicles the path of the nice guy. From modest beginnings in windy Wyoming, this nice guy learns his lessons in love from music videos, sketchy friends, and disastrous trial-and-error. Will he ever crack the perfect formula for meeting and wooing women? His streak of horrible, yet hilarious luck continues through college and into the terrifying landscape of employment. Eventually, though, everything comes together--love is found. Hope for the Nice Guy never skirts the realness of growing up geeky, the shadow sides of human nature, or the inherent humor of awkward people dating awkwardly.

All that and the answers to many of life's greatest mysteries, including:

- Where in God's name is Cheyenne, Wyoming?
- How lanky is too lanky?
- Can we make it through a book about geeks without an allusion to Lord of the Rings?
- Why does that carnival ride look like a dominatrix?
- What is the furthest distance that a round from a .22 rifle is considered dangerous?
- What the hell is a goat doing here?
- Should I tell her how I feel?
- Is it possible to escape the gravitational pull of The Friend Zone?
- How hard is it to destroy subway property in London?
- No, really. Should I tell her how I feel?
- Is Freud a good name to drop when hitting on someone?
- What were the Dress Barn people thinking?
- What's the best way to prevent teen pregnancy?
- Are 101 reasons enough?
- But most of all: Is there hope for the nice guy?

Crack for the Nice Guy

By CT

Tad...what can I say man you've done a great job.

I read the book in just under 3 days and I was laughing the entire time. You've managed to hit the "nice guy" on the nose. Maybe you can lobby to be an ambassador of sorts! It definitely gave me hope overall as, like you, I've been burned by those women who think they want a nice guy but end up with jerks.

To anyone reading this...buy the damned book! If you're a "nice guy" it will help put things into perspective, and if you're a sexy lady looking for a "nice guy" but don't know where to look than this book might give you some insight in what to look for.

Tad's a great guy. I wish you and Katie all the best man!

Chris
