LEAD LICKS: OVER 200 LICKS IN ALL STYLES HAL LEONARD GUITAR METHOD (HAL LEONARD GUITAR METHOD (SONGBOOKS)) BY GREG KOCH PDF

(Guitar Method). Are you tired of playing the same licks over and over again? Or maybe you just don't know what to play during your solo? Lead Licks is a unique book designed to increase your improvising vocabulary by taking a short phrase, or "lick," and morphing it into different styles! This book/CD pack covers rock, blues, jazz, country, and "outside" styles. It gives you major, minor and dominant 7th licks (12 of each!) plus a special "exotic" section. You'll have a lick for nearly any musical situation. The CD includes each lick played at full speed and at a slower practice tempo. Written by Greg Koch, Hal Leonard Guitar Method co-author, Fender clinician, and Favored Nations recording artist!

200 Killer licks by Greg Koch

By Brent Progecene

A treasure trove of fine licks by master guitarist Greg Koch. These licks are challenging and not for the beginning guitarist even though it looks like a companion to the Hal Leonard Guitar Method. He plays 44 licks and makes variations of those in Rock, Blues, Jazz, Country, and Outside to come up with 200 licks. The book only lists for \$9.95 and includes a CD and will give a lot to work on for a while. A great value compared to the cost of private lessons. The licks sound great and the CD sounds great also. A winner from Mr. Koch.

Disappointed

By Gretchen Bernfeld

Mr. Koch is a fine guitarist with a unique raunchy flavor[this is a compliment]but the book and cd are a disappointment.His selections I feel don't represent his best abilities and many are far too similar pehaps in

his quest to reach "200" licks as stated in the title. I have many titles in this genre--the best is by a major talent by the name Guthrie Govan "Creative Guitar" Book 1 and Book 2 Subtitle-Cutting-Edge Techniques.

7 of 9 people found the following review helpful.

OK, but not great

By Trevor Carlson

First, the things that I don't like:

1) The CD is set up so that there is one track for all 5 styles of each lick. If you want to hear the last couple styles of a particular lick, you have to fast forward until the one you want to hear is played. It would have been much better to have a different track for each style of each lick.

2) The "country" style licks have an absolutely horrible tone. HORRIBLE. I've never heard a tone like it on any country song. It sounds much more like what a rocker "thinks" country sounds like than what country players actually play. Its really nothing more than an annoyance for me, but it bugs me to hear it still.

As for the what I like about this book? There are a some good licks in the book, particularly in the blues and rock styles. For what it costs, it is worth the price, but I own other licks books with a higher proportion of good licks in them.
