MERCILESS MATCH: BROKENNESS ASIDE EPISODE 2 BY EDEN ROWAN PDF

Mercy is Still Struggling...

Struggling to move on from a defining moment in her life that shattered her, and almost destroyed her.

When she was date raped at the end of the last semester by college football darling Jeff Myers, she thought she'd never be able to get past it or trust another guy again.

But then she ran into MMA self-defense trainer Camden Michaels (literally), and things began to change.

Now she's started to let down her guard and trust again, and Camden has begun to do the same when it comes to his secrets. And his secrets are a little, well... unique.

Problem is Jeff just won't back off.

Not only that, but Mercy, Camden, and her bestie Gemma are beginning to suspect there's something really wrong with the guy. Something even darker and more sinister than they first realized.

Does Mercy really want to know the truth? Does she even have a choice anymore?

This is episode 2 in a college based drama dealing with dark themes, with some paranormal elements. 6 episodes in all. See author's site for release dates.

Engaging and Fast Paced!

By Kindle Customer

The misplaced shame, and real terror, Mercy suffers since she was raped, caused her to keep silent about the violation. Now that she's taking control of her life again, someone is bringing fear back into her life. This time, Mercy is fighting back!

An engaging, fast paced mystery!

Received book free for honest review.

To face her demons, Mercy must walk into the dark...

By cutelilunikika

This review was originally posted on my blog CourtneysReads

I received a free copy in exchange for an honest review.

This story picks up almost right where the first episode left off. Mercy is reeling from another encounter with her stalker, the man who date raped her months previously, as well as coming to terms with Camden's revelations about his abilities.

One thing that I really enjoy about these stories is the relationship development. Mercy's best friend Gemma is a nice touch and their friendship beautiful. Mercy and Camden are cute together, but it's not over the top. They've only known each other a very short time and I'm happy with how the relationship between them is developing.

In this installment we get more inside Camden's head with frequent perspective switches between him and Mercy. This is a technique that can be overused at times, but generally improves this kind of story and I really like how it's done here. We also get a glimpse inside Jeff's head, which is just as dark and creepy as it seems.

There are a couple of reasons this installment isn't getting a 5/5 from me. First, Mercy, while a likable character was somewhat annoying here. She tries to put off what happened to her (and things that are continuing to happen to her), not considering what this might mean for other people. I just find that off putting about her. And secondly, I didn't feel like the story really progressed much here. There was some development with the characters and them getting to know each other better, but I didn't feel like the main storyline really went anywhere.

All of that said, this was a fast and fun read. I will definitely be sticking with the series to see how things play out for Mercy and her friends.
