great book

By Amazon Customer

love this book.EASY EASY to understand, real life information. I still have this book-didn't sell back at end of semester. I continue to use as a quick reference. I got my A+ because of this book!!

Four Stars

By Felicia-Health/Fitness Enthusiast

Good resource for nursing classes.

4 of 4 people found the following review helpful.

Scope and Standards of Practice

By Traci L. Cregan

I would recommend this book for all nurses looking to expand their understanding of the standards of practice for nursing. I would have enjoyed a little more detail in the explanation of how to achieve these standards, but there were ways listed. Great for nurses just starting out and for those who are furthering their education and understanding.
