Haunted by the memory of an incredible night in the arms of an amazing woman, Ronin is frustrated that she now acts like she wants nothing to do with him. He refuses to accept that. Growing up with nothing of his own, he's fought hard to leave behind a world of mindless fighting and drug abuse. He wants a fresh start, and he's ready to fight for what he wants most.

Sersan has been lonely her whole life, despite having an overprotective brother and a handful of friends. As a Reptan, half human and half Leptan, she is too different to be easily accepted by either species. She's always done what was expected of her, but she longs to do something for herself. One moment of weakness brought her a night of passion in the arms of a man she's always admired, and for the first time she feels desirable and loved. Letting him go is a lot harder than she ever expected, and she realizes her moment of weakness has come with a cost.

With seemingly insurmountable odds against them, these two seem fated to go their separate ways, lonely and broken. Is there any chance they will find that the best things in life are worth fighting for?

Fantastic

By Amy Bowens

From the start Ronin and his story really grabs me. Having to endure what he did at such a young way. Instead of making his life worse he goes in the other direction and is a good guy. Then there is Sersan she has also endured so much and if her brother hadn't helped her who knows where she would have ended up. Although physically different, Ronin and Sersan have so much in common and the chemistry between the two is too hard for them to resist. They both have a lot of obstacles to overcome but they are working through them.

Definitely a great story that has a interesting plot with a few twist and turns, fantastic characters with interesting abilities. I do hope to see Sersan have a story he seems like a good guy if he is a little overbearing. This book and series is a must read!

This series is great. So different to what I would normally read

By JD

This series is great. So different to what I would normally read.

Here we meet the mysterious Ronin who has a secret or two. And Sersan who has hots for him but is trying to keep her distance. With new pairings for fights they end up fighting together and Ronin is determined to show Sersan they are great together. But when the secrets come out can they get over it and have a future together?

This book was so much fun to read. The story is great, flows nicely, and the sex is so hot hot hot!!! Bring on the next book. Can't wait.
