Choose your heroes carefully.

By T. Hunter-Selbrede

I read this and the other S.E. Hinton staple books ("The Outsiders," "Tex," and "That Was Then, This is Now") repeatably as a teenager. Even then they were dated in literal context (i.e. gangs are between caucasian upper and lower class in this book), but they still captured the angsty spirit of being a teen and the changes that result from growing up. It also captured the brutality of living life in a gang. As usual, the author has parentless boys raising themselves, creating their own sense of 'family' plot-point. In this instance, there is a mother not seen through the protagonist's eyes, but that of his brother who actually sought her out. Their father is an alcoholic, gambling non-entity.

Rusty is the perfect example of a self-fulfilling prophecy. He, as well as not only his gang but rival gangs, look upon Motorcycle Boy with awe. Motorcycle Boy lives in another world that gives him a beyond 'cool' exterior. In a normal family life, he'd likely have grown into a professor of philosophy, but within the paradigm he exists, he is a suppressed ticking time bomb, but a remarkably passive one. He has fully accepted his lot in life, as well as his likely demise, and observes it from a distance that lacks sound and color.

:WARNING, SPOILERS!:

Rusty is insistent that he will be just like his brother when he grows up, though others around him scoff at the idea. He repeatedly points out that they look just alike and that once he finishes growing up, he will not only look identical but assume the 'coolness' of Motorcycle Boy. He is correct, though not precisely the way he expected. After a bitter gang fight that causes the retreat of the only real stable point in his life, Steve, and then the police shooting death of his brother, Rusty suddenly experiences the lack of sound and color that was his brother's legacy of mild madness. The epilogue has a grown Steve running into Rusty as though he were seeing the ghost of Motorcycle Boy. By this point, though, Rusty, as had his brother, had so thoroughly distanced himself from the world at large, that he was hard pressed to even remember his old friend.

I intend to give this to my son soon, for its lessons of violence and crime, as well as the poignancy of 'be careful what you wish for.'

Rumble Fish

By John Adam Wise

Rumble Fish was a very exciting book. This book may be written for young people, but the older people can really read it and put the words in your head and really think about what they mean. The book is written so that young minds can enjoy the book, but also written for older teenagers to put them to use. In Rumble Fish, Rusty, the main character, tries to be just like his older brother. Rusty's brother's name is "Motorcycle Boy." He is known to be the toughest boy in the town. Rusty-James has a sidekick named Steve. Steve and Rusty are one. He thinks the only way to resolve a problem is to fight about it. Rusty gets expelled from school and breaks up with his girlfriend all in the same day. Then one night Rusty goes out with his brother and he doesn't know where they are going. They get to the pet shop and? One night when Rusty-James and Steve need some help someone is not there? Rumble Fish is worth your time to read. You really can relate this to your life if you have a problem with fighting because you can take some notes out of this book, and maybe

turn your life around. In some people's eyes the only way to resolve something is to fight it out. Grow up because there are other and better ways to solve problems other than fighting. Maybe when these people learn the better ways this world will be a better place.

My favorite book!!!!

By A Customer

Rumble fish tells the tale of Rusty-james, a 14 year old tough kid who enjoys keeping up his bad rep and wants more than anything in the world to be like his brother, The Motorcycle Boy. The Motorcycle Boy is the coolest guy in town, the leader of the gangs, and a mystery to all. Smart, eye catching, and tough; the Motorcycle Boy is everything Rusty-James has ever dreamt of being. The only problem is, Rusty-james isn't quite as bright as his brother. He is more brawn than brains and rather reckless. Also he is incapable of understanding The Motorcycle Boy and u can't help wondering... is being The Motorcycle Boy really as great as Rusty-James thinks it is?

S.E. Hinton is a master of her trade. The characters in this novel are extremely well developed and unique. Unforgettable, moving, and true this is definitely one of my favorite books. A good building block to heavier novels such as Catcher in the Rye and Drugstore Cowboy.
