SPYROS P. SKOURAS, MEMOIRS (1893-1953) BY ILIAS CHRISSOCHOIDIS PDF

Spyros P. Skouras (1893-1971) was the most influential Greek immigrant in American history and one of America's preeminent citizens during the Cold War period. In an astonishing sixty-year career, he shaped two industries (film and shipping), turned Twentieth Century-Fox into a global film leader, saved Hollywood by introducing CinemaScope, masterminded Century City in Los Angeles, and, not least, helped save millions of Greeks from starvation and disease during World War II. For the first time his story is being told in his own words and in full detail. Coinciding with Skouras' 120th birth anniversary, this book is a valuable contribution to American and Greek Diaspora historiography that will inspire younger generations to pursue the intertwined ideals of business excellence and public service. <http://www.stanford.edu/~ichriss/Skouras.htm> "The important and timely story of Spyros P. Skouras, in the hands of a researcher with Dr. Chrissochoidis' background, passion and experience, has the potential to produce something that I believe will resonate deeply not just with Greek-Americans but with all Americans." Excellent Memoir of an Extraordinary 20th Century Figure

By SR

Spyros P. Skouras was perhaps such a flashy character as head of 20th Century Fox, photographed with the stars and all, that people did not realize the greater depths of his personality and life work. Written in Skouras' own words, this very carefully compiled memoir gives a first level of understanding of the great interest Skouras had in being not just a successful businessman but moreover a public server, server of humanity, and a promoter of many needy causes. He did more than just throw money at his favorite causes, as would be the case with a typical "American Dream" success story; he threw his daring imagination, his heart and his incredible energy into making his century a better world. This memoir has obviously painstakingly been compiled by Ilias Chrissochoidis out of admiration for Skouras and out of an altruistic interest in recording history. For all those who are interested in such a figure, this is must reading.
