Review

Rob Natiuk, "This is an parable of an ant who needs to learn a very important lesson in her life, just as many youngsters in today's world need to do. NO SHORTCUTS TO SUCCESS."

Bridget Mattson, "The book appealed to both boys and girls, the girls didn't feel like it was a boys book, even though some books about bugs seem that way, and the boys didn't feel like it was a girls book. It was the perfect mix of theme and plot for both boys and girls."

"The pictures in this book are adorable. They are very bright with a lot of descriptive expressions on Noira's face," says Ahhmerican woman.

Mama's Little Minions, "My 18 month old loved to look at the pictures as his older sister (3 years old) made up words to go with the pictures. This book helps my kids explore and use their imaginations and be creative, and I really like how the illustrations appear to be hand drawn and not just computer generated like typical books."

Teresa Kander, "The illustrations are simple, yet fully convey the story on each page. The writing is also reasonably simple, so that it holds the attention of children being read to, and is also appropriate for a beginning reader."

BevW, "Some people might not feel that this is a suitable subject for the very young, but many children do go through a stage where they try stealing and I think it is a good thing to discuss and point out the consequences to them starting when very young."

"I like that *The Ant Thief* teaches children not to steal. Children are never too young to be taught right from wrong," says Jessyca Garcia in her review on Reader's Favorite

A lovely story for the young with great art work

By BevW

I was given this book by the author to read in exchange for an honest review, and the opinions included are my own. I read two different editions of it - the second of which included changes at the advice of reviewers. My review is based on the second edition.

I had the opportunity to read this book to my 4 year old grand-daughter. The ant Noira as main character was a hit with her as (like many children) she has had an opportunity to watch ants, even seeing an ant farm at her local nature museum. The ant is talented, but a thief. Some people might not feel that this is a suitable subject for the very young, but many children do go through a stage where they try stealing and I think it is a good thing to discuss and point out the consequences to them starting when very young. This book certainly allows for that discussion to take place. Noira also told lies and learned the consequences of that too. It took some bees to help her see how hurtful her actions had been and turn over a new leaf.

The art work was very bright and interesting and, much to my pleasure - the words were on the same page as the pictures. This makes for a much more captivating experience for the child (and for the adult too!)

This makes a very good book to read aloud to a child, perhaps less for bedtime than for a time when you can talk about some of the actions Noira took throughout the story.

The Ant Thief

By Dawn

I received a free copy of this book from the author for an honest review.

The Ant Thief is about Noira, an ant who is lazy so she steals food from other ants. She also steals other things such as a diamond ring. When she is caught stealing honey from some bees, she is threatened by the Queen Bee. Suddenly, she changes her ways and becomes The Ant Worker.

Although this is a cute book, I did have a couple of issues with it. Noira never felt guilty about what she was doing. She only quit stealing because she was caught and threatened. The book didn't address her lying at the end. Did she quit lying too? I like books that teach children about morals but Noira learned her lesson in the wrong way, I think.

My other issue was that the Queen Bee told Noira that her bees would kill her if she stole their honey again. I don't think that's something that should be in a bedtime story for 3-7 year olds.

UPDATE: Talk about feeling like I can make a difference! The author contacted me to let me know she made some changes and now the book is little kid friendly. The Queen Bee no longer threatens to kill Noira and when Noira goes home she does feel guilty and that's why she changes her ways. Now it's definitely a great book for 3-7 year olds!

Words and illustrations work well together to bring us a good lesson.

By Rob Natiuk

This is an parable of an ant who needs to learn a very important lesson in her life, just as many youngsters in today's world need to do. **NO SHORTCUTS TO SUCCESS.** You have to positively contribute to the good for the entire colony (community).

But how does Noira the Ant Thief learn this lesson? The author threads a tricky story here between reward and punishment. Of course, having an ant as the central figure makes it an allegory or parable. Just like in Aesop's Fables, some creatures suffer for their bad behavior, or just because life is sometimes unfair. Should Noira be let off the hook for her thieving behavior? Well -- you will make up your own mind by the end of this intriguing story. Young listeners with the help of the reader can have fun discussing the old story of good versus bad.

The artwork is simple and pinpoints the action. So both words and illustrations work well together.
