The Secrets of Angel Healing by Sabi Hilmi

By Veena Davidson

You know the information in this beautifully written book has come from higher realms as soon as you start reading. It is honest, moving, and uncomplicated. There is an abundance of spiritual information which is beneficial to any seeker regardless of religious background. The best thing about this book though is that the techniques given for connecting with angelic beings work remarkably quickly. Our journey through life can be enhanced when there is the experience of being loved and cared for by our own Guardian Angels. This book is a key!
