(No Greater Love) By Amanda Prowse As well as currently, we will certainly present you with the online publication What Have I Done? (No Greater Love) By Amanda Prowse in this website.

WHAT HAVE I DONE? (NO GREATER LOVE) BY AMANDA PROWSE PDF

Could you destroy your family to save your children?

Kathryn Brooker is the headmaster's wife. While her husband spends his days disciplining unruly teenagers in the grand halls of Mountbriers Academy, Kathryn spends hers baking scones for her son's cricket match in a beautiful cottage in the manicured school grounds. In the evenings, when her husband strides home to compliment her cooking and kiss her hello—ignoring jokes from their children about grown-up lovebirds—Kathryn Brooker is the very picture of a fulfilled wife and mother. Anyone who peered through the downstairs sash window at the four figures sat easily around their scrubbed-pine kitchen table would see a happy family without a care in the world. They would envy Kathryn her perfect life. But they would be wrong. Kathryn is trapped in a nightmare. And she is about to do something to change it. Something only a truly desperate woman would do.

Pretentious and unreal.

By luvtoread

This book was so annoying that I could only read a few chapters. The writing was flowery and stilted. The vocabulary in the dialogues bore little resemblance to how people actually speak. Early on I found myself skipping whole paragraphs out of boredom. I called it quits when she was preparing to teach another inmate to read. Her smug, condescending attitude and the child-like adoration of the other woman for her was unbelievable. I disliked the main character, which doesn't make for a pleasant read.

A woman being psychologically and physically abused does not present as this woman did. I found it lacked credibility and makes me wonder about the integrity of the writer.

Harrowing - but a must read!

By Amanda

I started reading this book knowing it was going to be about domestic violence but had no idea just how harrowing a read it was going to be. The first quarter of the book is a little slow but necessary to understand Kate's life later in the book , when she reflects her previous life with her husband Mark.

At times I struggled to continue reading some of the detailed chapters as the story is explicit and fearful. Yet other times I couldn't put the book down because I was desperate to know the outcome. The cliché 'You never know what goes on behind closed doors' is a true description of this book.

A very promising new author. I will definitely read more of her work!

Extremely well written but not realistic

By Alice

The reason why I cannot give this book 5 stars is because, despite it being extremely well written, I'm not sure how realistic it is for a smart intelligent and educated woman in the 21st century to silently tolerate such a high level of abuse. With helplines, and internet support I cannot believe she had not explored other ways out of her unendurable situation. Even though I can understand her reasons for killing her brute of a husband, it may have been better to have exposed the man he really was to the outside world and have him sent to prison. I can understand the anger her children felt towards her as they knew nothing of the abuse, it may have been better if she had at least confided in them about it first. Despite all this, it was a harrowing story and it was written very well.
