Life is consistently establishing and you require some brand-new book [What You Should Know About The United States Constitution And The Bill Of Rights By John Coleman](#) to be recommendation constantly.

WHAT YOU SHOULD KNOW ABOUT THE UNITED STATES CONSTITUTION AND THE BILL OF RIGHTS BY JOHN COLEMAN PDF

A book like no other ever written about the U. S. Constitution and the Bill of Rights. The information it gives is not found in law books nor is it taught at prestigious law schools. The reason? Very few lawyers ever read the Annals of Congress, the Congressional Globe and Congressional Record, and thus they miss the most crucial evidence supporting the Constitution. Some of the most priceless constitutional gems are found in these pages. Dr. Coleman has done 26 years of research to find them, putting together a highly-readable book which provides insight into the articles and amendments to the Constitution. It shows their true intent and purpose in sharp relief, and what it is that makes this document so great and lasting. Each page contains a wealth of new and often previously untold information, alive with admiration for the wisdom of the Founding Fathers and anger toward politicians who treat this valuable gift with carelessness and gross indifference.

Educate Yourself

By Dave

Learn your constitution, read this book and ponder the information. Every American should know how this Country was founded and compare it to where we are now.

Time To Review what protects our US Freedoms!

By Amazon Customer

Excellent book to learn more about our Constitution, something we desperately need to know to protect our freedoms as US citizens.

Conscientious objector to Oklahoma babbling.

By A Customer

I, also, have read this book. I found many useful and worthwhile insights to the actual intent of the founding fathers in their formation of the constitution in this narrative. Many people in America today are trying very

hard to forget that our founding fathers were Christians. It is this precept alone which alienates so many of their detractors. The Oklahoma babbler had no actual contention with the esteemed Dr. Coleman. His animosity must have stemmed from a disgust for all that our founders held holy, true, and redemptive. This book alone will not teach you how to spell 'waste', but it may just inspire you to look a little closer at the current laws being passed off as 'comely' in a country with it's roots deeply steeped in the word of God.
